RESPONSE TO RESTRICTION AND/OR ELECTION REQUIREMENT

This paper is being filed in response to the Office Action dated June 28, 2005 (Paper No./Mail Date 20050602) (herein referred to as "the Office Action" or "this Office Action") from the Patent Office. In the Office Action, the Examiner has imposed a requirement to restrict to one of the nine groups of claims (as set forth on pages 2-12 of the Office Action) for further examination of the above application.

Applicant hereby provisionally elects with traverse to further prosecute Group II claims (claims 1, 2, 4, 6-17, 19, 21-29 and 36-40) and organic compounds with the claims of Group II.

In the Office Action, the Examiner averred that the inventions I-V or VII and IX are unrelated. The Office Action, however, indicates that these inventions have been classified together under the same class (Class 514; Inventions I -V) and subclass (44; Inventions I, IV and V) and inventions VII and IX have been classified under the same class (Class 435) and subclass (6). An unsupported allegation by the Examiner that the inventions have "different effects" is not believed sufficient to support the required restriction.

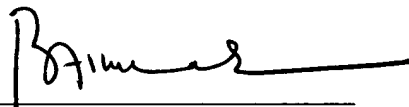

Applicant respectfully submits that the subject matter of the pending claims 1-58 are sufficiently related so that a thorough search for the subject matter of one group of claim(s) would necessarily encompass a search for the other groups of claims. Thus, Applicant respectfully submits that all the claims can be searched and examined without any serious burden to the Examiner.

It is further submitted that in view of the fees charged for filing of divisional patent applications, and prosecution and maintaining the resulting patents place an undue burden on the Applicant, which justifies that any restriction or election requirement be clearly supported and made according to the patent examining procedure.

Based upon the above remarks, Applicant respectfully requests reconsideration of this restriction requirement and early allowance of the pending claims. Should the Examiner feel that a telephone conference with Applicants' attorney would expedite prosecution of this application, the Examiner is urged to contact the undersigned attorney.

The Commissioner is hereby authorized to charge any fees, which may be required by this paper, to Deposit Account No. 18-0586.

Respectfully submitted,
